

RELIABLE AND ROBUST DISPENSING

The GOJO Alpha dispensing system offers a range of heavy duty hand cleaning formulations for effective cleaning of mild to difficult soils.

The dispensing system is lockable, very robust and corrosion resistant. It offers high capacity refills in a compact footprint, making it ideal for many locations including production and maintenance areas, as well as washrooms.

GOJO® Alpha Dispensing System

MANUAL DISPENSER FOR GOJO KLINT HEAVY DUTY HAND CLEANERS

- High capacity 5000mL dispensers for high volume areas
- One-hand push operation
- Pre-measured amount of soap dispensed
- Non-drip patented valve pump
- Sustainable dispenser with no plastic
- Refills made with recyclable HDPE
- Easy to see when the refill needs to be replaced
- New generation refill which does not need punching, is hygienic and easy to use, and also compatible with existing dispensers
